

# MANAGEMENT POLICY

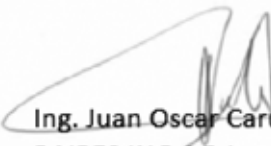

**BAIRES ING. S.R.L.**, a company dedicated to the provision of engineering consulting services, implements and maintains an Integrated Quality and Environmental Management System with the purpose of ensuring customer satisfaction, a continuous improvement of performance and environmental protection, in accordance with the organization's context, applicable requirements and professional best practices.

Our Top Management is committed to:

- Complying with legal and other applicable requirements.
- Managing processes in a scheduled and controlled manner, ensuring the quality of the services provided and the achievement of intended results.
- Strengthening relationships with customers and third parties by understanding their needs and expectations.
- Identifying and correcting deviations, by the promotion of learning and the improvement of organizational performance.
- Encouraging staff competence, participation and commitment, while working with external collaborators who follow our principles.
- Managing the environmental aspects of our activities, promoting pollution prevention, environmental protection and a responsible use of resources.
- Providing the resources necessary to comply with this policy and to establish the objectives of the Integrated Management System.

This Policy provides the framework for establishing the objectives of the Integrated Management System. It is communicated to the staff, available to any interested third party and periodically reviewed in order to ensure its validity.

  
Ing. Juan Oscar Carubin  
BAIRES ING S.R.L.  
DIRECTOR GENERAL
